An Allocation ID is a name of an allocation. It represents a group of cases (commodities) set aside for your school or district. Although many allocation names or ID's look similar, no two are exactly the same.

The four (4) major types are described below:

	Abbreviation	45 Day Close Date	Can be Refused?	Allocated By:*	Will "Draw Down" Entitlement**	Type
Notice of Arrival	NOAJ...	Yes	Yes	Danielle	Yes	A or B
Planned Usage Notice of Arrival	NOAJPU...	Yes	No	Barbara	Entitlement is drawn down at time the survey was submitted online	S
Surplus	Req...	Yes	No	Barbara	Yes	P
End Product	EPNJ...	Yes	No	Dawn & Leona	Entitlement is drawn down for "A" and/or "B" commodities at time that survey was submitted	P

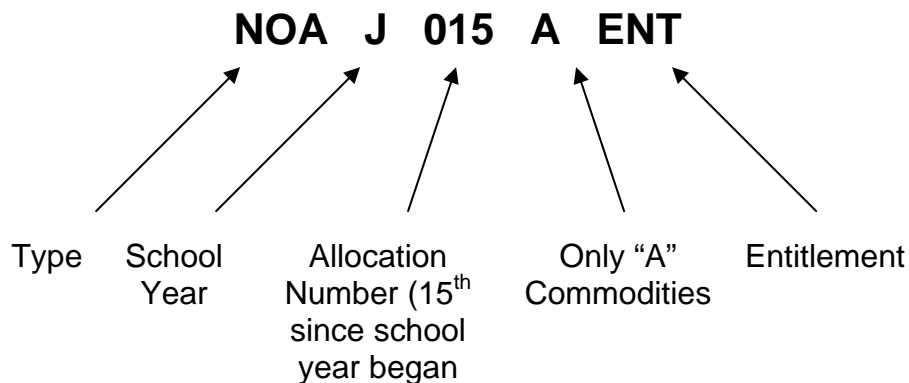

** Bonus Commodities do not draw down from your entitlement.

Surplus Allocations

When sponsors refuse commodities they are placed in a holding area called a "Surplus Request" or "Surplus List." This surplus is made available to any sponsor who requests it. Call 602-542-8729 and one can be faxed to you. Return the fax and an allocation will be created for you that may contain some or all of the commodities you have requested.

End Product Allocations

When a sponsor participates in processing, they will expect to receive End Product Allocations. They look like this:

Beef, chicken, pork, turkey, eggs, oil, flour, peanut butter, non-fat dry milk and fruit are commonly processed commodities.

Typically, a basic “A” or “B” commodity can be “diverted” (shipped) to a processing company (i.e. Tyson, Land O’lakes, etc.) where it is made into an “End” product like breaded chicken nuggets, grilled cheese sticks, beef patties, and so on. Those “end” products are then shipped to US Foodservice warehouse. At that point, an allocation, like the example above, is posted to your allocation inquiry screen. You then order out that product as usual.

For further questions about processing or end products, contact Leona Benally, Processing Specialist at 602-364-1965 or Dawn Irvine, Processing Specialist at 602-364-0714.

NOTES:

Refusals

*****You should always refuse commodities you know you will not use.*****

The Arizona Department of Education strongly recommends that you first “prepare” a refusal *before actually refusing* commodities. Properly refusing commodities will save you and your district or school considerable time and possibly money by avoiding excess storage fees.

Refusals should be completed in two (2) steps. First, “prepare” your refusal; then actually refuse the commodities.

Finding the Appropriate Allocation and Preparing Your Refusal:

You need information for the allocation inquiry screen to prepare a refusal. Use the **Allocation ID column**. It contains the information you need.
